

QUANTUM **NEW!**

DYNAMIC

AVAILABLE 1/1

A quantum leap in running shoe technology. A sculpted, slip lasted upper that rides on our new MorphoDynamic™ technology platform. Great for people looking for the ultimate trail shoe for all conditions

TPU heel stabilizer extends through the middle of the sole to provide torsional rigidity

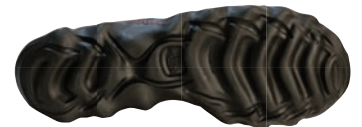

Slip lasted upper is built on an ergonomic last to improve fit and eliminate dead spots which cause blisters

High frequency TPU lacing harness wraps the foot and provides a super stable upper

Soft PU deforms to the shape of the running surface absorbing shock and trail features, while increasing surface area contact, improving grip

Ergonomic 3D EVA support structure provides a stable platform for a smooth ride

FEATURES

- ➔ A slip lasted upper built on an ergonomic last provides a svelte, form fitting, glove-like fit that is super responsive
- ➔ Ergonomically sculpted midsole with MorphoDynamic™ technology makes the trail feel as though you are running on a smooth, even surface
- ➔ PU and EVA midsole work in tandem to absorb the trail features and provide the plushiest ride on the market
- ➔ Soft PU deforms upon impact to dissipate impact forces before they are further absorbed in the EVA layer
